

Artisan Contractors & Pollution Liability

Crafted liability solutions for artisan contractors

Our Artisan Contractors and Pollution Liability program is designed to protect businesses from the unique risks faced by artisan contractors, offering comprehensive coverage, customized for a wide range of trades.

Featuring combined ISO-based coverage and contractors pollution liability for over 130 artisan contractor codes, our program ensures your clients are properly protected against their specific risks. With a focus on both general and pollution liability, our specialists are dedicated to delivering the essential coverage needed for non-environmental contractors and facilities.

Key features

- Non-admitted, nationwide program (excluding New York and Missouri)
- A.M. Best "A- VIII" rated carrier
- CGL and CPL package (including TPL and NODS) for over 130 ISO classes for contractors with \$25m or less in annual receipts
